Int. Rem.
N° 12,103

A.D. 1896

Date of Application, 3rd June, 1896—Accepted, 4th July, 1896

COMPLETE SPECIFICATION.

A New Cough Mixture, to be Taken Inwardly, for the Cure of
Asthma, Coughs, and Pulmonary Affections.

HENRY SAMUEL HOAR 26 Park Crescent North Shields Northumberland,
Gentleman, do hereby declare the nature of this invention and in what manner
the same is to be performed, to be particularly described and ascertained in and by
the following statement:—

- 5 My invention consists of a liquid compound to be taken inwardly in such doses
as here-in-after set out for the cure of asthma, coughs, and pulmonary affections.
It consists of the following ingredients.

Two drachms of tincture of camphor co.
Two drachms of essence of ginger.
Two drachms of essence of peppermint.
Half an ounce of syrup of squills.
Half an ounce of syrup of tolu.
Half a drachm of hydrochloric acid dilute and :—
Six ounces of aqua (water).

- 15 Dose to be taken:—Two tablespoonfuls for adults, and, one tablespoonful
for children over twelve and under sixteen years of age.

Having now particularly described and ascertained the nature of my said inven-
tion, and in what manner the same is to be performed, I declare that what I
claim is:—

- 20 A new cough mixture made up of the several ingredients substantially as before
described, and in the proportions as above stated, the same to be taken internally
as above set forth, for the cure of asthma, coughs, and pulmonary affections.

Dated this 1st day of June 1896.
